**1 Overdraft Protection**

Transfers linked to a checking, savings, money market or personal line of credit are made in increments of \$100. However, if less than \$100 is available from your funding account, we will transfer the full amount available. If the overdraft balance in your checking is greater than the amount available in your funding account, the entire available amount will be transferred. If the amount available in the funding account is used in full, Overdraft and Returned Item Fees may apply to the overdrawn amount. All transfers are subject to availability of funds in the funding account and any other applicable conditions, such as transaction limitations if the funding account is a savings account or a money market deposit account. Transfers from lines of credit are subject to the terms of the Applicable Agreement and/or Disclosure Statement, which shall include, but not be limited to, interest charged on amounts transferred.

**2 Transaction Limitations on Savings and Money Market Accounts**

The depositor is permitted or authorized to make no more than six (6) transfers and withdrawals, or a combination of such transfers and withdrawals, per calendar month for Savings Accounts or statement cycle for Money Market Accounts including transfers to another account (including a transaction account) of the depositor at the same institution or to a third party by means of preauthorized, telephone or automatic transfer, or by check, draft, debit card or similar order made by the depositor and payable to third parties. You can make unlimited deposits and withdrawals at a branch or ATM. Failure to follow the transfer and/or withdrawal limitations may result in converting your interest bearing account to a non-interest bearing product type.

See the *Truth-In-Savings* disclosure and the *Deposit Account Agreement* for full account details.

Fees apply to all accounts unless otherwise noted. Fees are subject to change at any time. Products, services and prices may vary by market. We reserve the right to enforce or to delay a charge under this schedule without losing the right to assess the charge in the future.
